

Continuing Medical Education Information and Policies

AABB CONTINUING MEDICAL EDUCATION MISSION STATEMENT

The goal of the AABB Continuing Medical Education (CME) Program is to support the AABB mission to advance the practice and standards in the area of transfusion medicine, cellular therapies and patient blood management to optimize patient and donor care and safety. This goal is accomplished by producing relevant, high quality, and cost-effective continuing education that increases the knowledge and/or competence of physicians and other healthcare professionals.

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of AABB and Sheikh Khalifa Medical City. AABB is accredited by the ACCME to provide continuing medical education for physicians.

AABB designates the live activity for a maximum of 15.5 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Target Audience and Conference Objectives

The CME sessions at the AABB Annual Meeting Highlights Conference and Exhibition in the Middle East 2019 are designed to provide insights and solutions for physicians and other allied health care professionals who practice in transfusion medicine and cellular therapies, and to help them maintain and enhance their knowledge, skills, and abilities.

By actively participating in the continuing education programming at the AABB Annual Meeting Highlights Conference and Exhibition in the Middle East 2019, physicians and other allied health care professionals should be able to:

- Disseminate the latest developments in laboratory, clinical, and administrative practices in transfusion medicine, patient blood management and cellular therapies.
- Foster conversations with colleagues to stimulate scientific research, enhance clinical practice and improve quality management to improve donor and patient safety in transfusion medicine and cellular therapies.
- Evaluate state of the art innovations in transfusion medicine related technologies and equipment.

Education Independence

AABB abides by the ACCME Standards for Commercial Support. These standards require that all CME activities are planned independent of commercial interest and content is delivered with full disclosure and equitable balance.

All instructional materials for continuing education sessions at the AABB Annual Meeting Highlights Conference and Exhibition in the Middle East 2019 undergo an intensive review process to ensure compliance with the Standards for Commercial Support. Disclosures of relevant financial relationships for all parties involved in the planning or delivery of continuing education sessions will be included in slides and announcements at the beginning of each session. AABB has a mechanism in place for ensuring that any actual conflicts of interest are resolved prior to any continuing education session taking place.
